			25X1A
25X1A 1.[Comment. Lieutenant Colo of the 3d Macz Regt of Division previous KVFD in Rostock, Major	Eggesin. This regiment was Ludwig was previous	ly known to be
	deputy commander and PK officer probably refers to the infantry "heavy units" probably refers t	battelions of the regimen to the tank and artillery b	at, while the term attalions.
25X1A ² *	are known to be available to the only to the howitzer artillery Stallberg area.		re robably assigned is stationed in the 25X1C
25X1A 3。 25X1 25X1C	comment. The information is that a reorganization of Armees executed. In the recent weeks, and equipment to units	Armeogruppe Nord	e report indicates
25X1A 25X1C	in Oracienburg, Potsdam and Hol	others, Armeegruppe Nord t	urned over an 85-mm AAA chmpeser. Thus, it is
23/(10	established fact that units Armeegrupe Nord. For this reasoned the command of Armeegrupe much more indicates that units the filling up of other units. inferred that about 30 percent	on, it is doubted that unite Nord. The tendency observare withdrawn from Armeegr From a report furnished by	rved in the last time ruppe Nord and used for lit is
	be transferred to other units.
